

# Limit Cart Quantity

## Magento 2 Extension User Guide

**Introduction:** Setting up a limit cart quantity extension is a basic requirement for some store proprietors as it remarkably affects deals approach. Limit cart Quantity extension for Magento 2 is an ideal extension by allowing admins to set up minimum and maximum order quantities for all products based on customer group. It will become a useful and effective solution for E-commerce business.

In case buyers order more or less than the required quantity of an order, there will be a notification message to remind them and they cannot proceed to checkout. Moreover, the content of the message informing about quantity error can be customized with expressive selections of words to encourage the customer to shop more pleasantly.

### **All Features List**

- Ability to enable or disable the extension.

Set minimum quantity for different customer group

Figure 1- Configuration

- To enable the extension please go to **store >> Configuration >> EvinCemage >> limit cart quantity.**
- Set **minimum quantity** for different customer group.

### 1.1 Configuration

The screenshot shows the 'Configuration' page for 'Limit Cart Quantity'. On the left is a sidebar with navigation icons for Dashboard, Advanced Review, Sales, Products, Customers, Marketing, Content, Reports, Stores, System, and Find Partners. The main content area has a 'Save Config' button in the top right. Below it is a table titled 'Maximum Qty Allowed in Shopping Cart' with columns for 'Customer Group', 'Maximum Qty', and 'Action'. There is also a checkbox for 'Use system value'. Below the table are two text input fields for custom error messages: 'Message for Minimum Quantity Value' and 'Message for Maximum Quantity Value'. Two yellow callout boxes highlight the 'Maximum Qty' column and the message fields.

Customer Group	Maximum Qty	Action
NOT LOGGED IN	10	[Trash]
Wholesale	5	[Trash]

Message for Minimum Quantity Value: Please buy at least -conf-, you have just -cart- in your shopping cart. Insert "-conf-" for config value and "-cart-" for current cart value. i.e. "Please buy at least -conf-, you have just -cart- in your shopping cart."

Message for Maximum Quantity Value: Sorry but you can buy only -conf- at a time, you already have -cart- in your shopping cart. Insert "-conf-" for config value and "-cart-" for current cart value. i.e. "Sorry but you can buy only -conf- at a time, you already have -cart- in your shopping cart."
